

# Museum Exhibition Prototype

The C11 Cohort is asked to create a prototype of an interactive exhibition for a Children's Museum. The theme of the exhibition will be **interactive teaching examples of the solar system and space exploration.**

During the week the Museum is visited by groups of school children ages 6 – 12 along with their Teachers. On weekends Parents and Grandparents also visit the Museum with their children.

The Museum would like a prototype of an exhibition with a minimum of 8 interactive exhibits. A layout of the exhibition is required.
