

Lakeside School

Independent Assignment

You or a group must submit a project or field of study by 1700 hrs on September 12, 2014 via email to Lauren (see Project Proposal Requirements section below). The project or field of study must be related to the field of technology. Some examples might be:

Auduino board programming

Web development/design

Game development/design (i.e. GameMaker/Alice)

Computer troubleshooting and maintenance

Networking

Servers

Programming

Databases

?????

Project Proposal Requirements

You will be required to create a project proposal that contains at least the following sections.

- Name
- Date of approval
- Title of project
- What do you wish to accomplish/learn by doing this project?
- What books/resources/hardware/software will I need to accomplish this project?
- Benchmarks for measuring what I will learn from this project
- Proposed timeline for completion of parts
- (For "CS5" students - a high level design and testing plan for project would also be gladly appreciated.)

Status

Status reports should be posted to the Haiku before our meetings to the class discussion. We will discuss these during the meeting.

Other Requirements

"CS5" independent study students are expected to meet outside of class at least twice more during the week.
